

and as a friend for the start you have given our children, (also becky-bebs with Darcy) leaving the girls with you has been as good to me as leaving them with family. I'm so glad we chose the Park pre school for the girls, you are loved so much not just by us but by all of the children and I believe the Park wouldn't be what it is without you. You work tirelessly and obscene extra hours - but just want you to know it all pays off.

Don't give up the job Heid (not for another couple of years anyway as we still have another member to enroll!).

I feel so sad that the girls time has come to an end but am so delighted that we have become good friends with you and your lovely family, so its not good bye.

You are one amazing lady and we all love you lots more than jelly tots!

Thank you again so much, all our love

Aidan, Stacey, Darcy & Hallie
